Dear Friends:

My name is Robert Current. I am a retired United Methodist pastor living in Novato, California.

As you may know, I have been a supporter of Dr. Amir Shervin in his decades long quest for justice. Many of the highlights of that struggle are listed in the attached petition. Advanced copies of the document have already been sent to President Obama and to Governor Brown.

We would hope that you would read the petition and note your personal support of it by simply replying to this email and stating as much. There is no need to identify your organization. When responding, please copy Dr. Shervin at the address above.

To say that the doctor's situation is dire doesn't come close to describing how extreme his circumstances really are. His financial peril is worsened by his many serious health issues. All of which were brought on and continually aggravated by the government. While none of us can not find remedy for many of his problems, it is within our power to bring him and his family some relief. Many years ago, I sent up a special "Dr. Shervin Fund" at the Novato United Methodist Church. I contribute to it personally. Others, and you may be one, have sent gifts as well. Gifts to the fund are tax deductible. All funds received are sent on in a check from the church to Dr. Shervin. If you have ever wondered how you might help this man, I call your attention to two ways. Support the petition. Send a check.

I thank you for caring enough to read this

God be with you and yours.
